## ANOTHER VOTERS' LIST TO BE COMPILED

All set for the big job of enumerating eligible voters for the forthcoming federal elections is Mrs. Irvin Chambers, with pen poised ready to write down names, occupations and mailing addresses of Penticton citizens. Enumeration starts Monday with 29 pairs of canvassers gathering information for the voters' list.

## New B.C. Political Movement Organized

VANCOUVER (CP) — Formation of a new political movement in British Columbia, to be known as the Provincial Voters' Association, was announced today by David Sturdy, Vancouver lawyer. Mr. Sturdy said in a statement the new movement "as presently constituted includes Liberals, Conservatives and Social Crediters and is primarily an educational and moral movement."

## Matches Go on as Fans Mourn Stars

LONDON (CP) — Blizzard whipped Britain and blotted out 31 soccer matches today on the blackest Saturday in the history of the game—the day of national mourning for Manchester United's killed and injured.

Players and fans stood in silent tribute before the matches started in memory of the seven Manchester stars killed in the Munich plane disaster Thursday. Eight other players were injured. Fans wore black ties. Players wore black armbands. Bands played Abide With Me. Flags flew at half-staff.

So Britain paid tribute to her most famous team in a decade, a team shattered and wrecked by the Munich crash.

The United, English League champions in the last two seasons, postponed its scheduled match against league leaders Wolverhampton Wanderers.

England's football bosses ordered other matches to go on. "That's what the Manchester players would want," they argued, Manchester chairman Harold Hardman agreed.

544 Students Expelled from U.S. Schools

NEW YORK (AP) — New York City's schools Friday expelled 544 pupils as chronic trouble-makers.

The mass suspension came in the wake of a new ultimatum to sweep the school system clean of intractable delinquents.

Both boys and girls were included in the ousters.

The largest exodus was from Brooklyn, area of many of the recent school riots, stabbing and disorders that spurred the new disciplinary measures. There, 339 pupils were suspended.

School Superintendent William Jansen said the number removed was lower than the one per cent of pupils estimated previously to be the main malefactors. The city's school system has nearly 1,000,000 pupils. The announcement of the expulsions gave no numerical breakdown by race or sex.

# FRENCH PLANES SMASH TUNISIAN COMMUNITY

## Stone Clipped In Consols

Glen Harper of Duncan provided the biggest upset of the 63rd annual consoling this morning as he sent Reg Stone of Trail down to defeat, 6-5 in the finals of the Consols B event.

Tony Gutoski of Victoria shunted Gerry Green of Vernon out of contention in the Consols A event with a 10-6 win.

Stone plays Gutoski in the A event final and the winner will meet Glen Harper in a best-of-three series for the provincial championship.

In regular consoling play this morning, W. Carmichael of Prince George won the Chart

Nicholl trophy by defeating H. Christopherson of Vancouver in the final, 10-7.

Lloyd Harper of Quesnel turned back Fred Tinning of Vancouver 10-6 to win the Prince Charles trophy.

## LIGHTER SIDE

CAMBRIDGE, Mass. (AP) — How a distinguished scientist found himself blindfolded by red tape has been disclosed by his wife in an address here.

Mrs. Fred L. Whipple, wife of the director of the Smithsonian Astrophysical Laboratory, related that in 1946 her husband, the noted Harvard University astronomer, wrote a paper for an unidentified research organization in California.

Some time after he had turned in the paper he found that he needed some of the data contained in the article.

Mrs. Whipple said the organization replied: "This has been classified top secret. Since you do not have the proper security ratings, we cannot permit you to see it."

## Pope Pius Sends Prayerful Sympathy

MANCHESTER, England (AP) — Pope Pius today cable his "prayerful sympathy" to relatives of Manchester United football team players killed and injured in Thursday's Munich air crash.

The Pope's secretary of state wired the Lord Mayor of Manchester:

"The association's first public statement strongly criticized Premier Bennett's Social Credit."

It claimed public confidence in the government has been shaken or destroyed by suspicious and fears of every move the government makes; a government record of tight censorship on civil servants; "unsound economy measures" on one hand and "scandalous expense accounts of ministers" on the other; "secret and unexplained dealings" with natural resources; costly appointment of "experts" to cover up maladministration; and "prosecutions of persons in high places on charges of corruption."

The statement added: "the whole truth may be worse than the parts we know or suspect. And due to the misdeeds of past governments there are no alternative parties in whose integrity and political soundness the public can put its confidence."

## Hospitals to Share Extra \$5.2 Million

VICTORIA (CP) — Hospitals in B.C. will share an additional \$5,200,000 in payments and grants-in-aid of construction in the next fiscal year, according to estimates tabled in the legislature Friday.

They call for the expenditure of an extra \$2,000,000 to \$3,000,000 in payments by B.C. government and an additional \$3,200,000 in grants-in-aid of construction and equipment. Total expenditure for the latter will be \$7,000,000.

At the same time the provincial government will pay less for B.C. hospital insurance operations in the coming year.

It's being done because the federal government will pay some \$12,500,000 as its share of the hospital insurance program when it comes into the scheme July 1.

This will result in a net decrease of expenditure to the province of \$4,347,000.

## Mild Spell On Prairies Goes Kaput

EDMONTON (CP) — The Province's mild spell is kaput, Alberta now has sub-zero cold, and it's outright frigid in Saskatchewan and Manitoba.

Temperatures of around 20 below in parts of Saskatchewan Friday combined with winds of 20 miles an hour.

It was 36 below in the McMurray district of northeast Alberta overnight, while temperatures elsewhere in the province climbed slightly from Friday to such early-morning lows as 11 below at Edmonton and five below at Calgary.

## Sloan's Salary Not in Estimates

VICTORIA (CP) — Former Chief Justice Gordon Sloan, now forestry advisor to the provincial government, is being paid \$50,000 a year but it doesn't show in the 1958-59 estimates released Friday.

"The general cost of services in B.C. always has been substantially higher than other Canadian provinces, the cost of highways and road construction alone is immensely higher, and as over 9 per cent of our territory is unorganized, far more has to be spent on it for development than elsewhere and yet no account is taken of this."

He said the "interim adjustment to which Mr. Diefenbaker refers, yields us precisely nothing."

"It must be self-evident that, if the national government fails to meet its responsibilities with regard to national development, and to full employment, either because of credit and monetary restrictions or failure to share in the producing projects, then a province has no alternative but to assume as much of that burden as possible," Mr. Bennett said.

## Author of 'Egg and I' Dies in U.S.

SEATTLE (AP) — Mrs. Betty MacDonald, 49, whose light-hearted novel "The Egg and I" catapulted her into literary prominence in 1945, died Friday night of cancer. She had been ill many months.

"The Egg and I", a story of life on a chicken ranch in the backwoods country of Washington State, quickly became a best-seller, was turned into a motion picture and was the basis for the Ma and Pa Kettle movie series.

Mrs. MacDonald later added to her list of fictional successes with such books as "The Plague and I", "Anybody Can Do Anything", "Onions in the Snow", "Nancy and Plum", and the children's "Mrs. Figgie-Wiggie series."

W. A. GILMOUR

## Running for Nomination on Liberal Ticket

W. A. "Bill" Gilmour, 36-year old Penticton lawyer, will allow his name to go before the Liberal nominating convention a week from today in this city when a candidate will be chosen to contest the forthcoming federal election.

Mr. Gilmour, who is a partner in the firm of Boyle, Atkins and O'Brien, has been in the valley for the past six years since graduating with degrees in arts and law from UBC. A native of Calgary, he served with the Canadian navy in World War II. He makes his home in the Summerland area.

## Bennett Hits Tax Rental Agreement

VICTORIA (CP) — Harsh criticism of the federal-provincial tax rental agreement was contained in Premier Bennett's budget speech Friday.

Mr. Bennett said "this obsession on the part of Canada to equalize rental payments to all provinces on a per capita basis related to the two highest is simply a device to compel subsidies from one province to another without regard to tax potentials and local economic factors."

He said the interim proposal of Prime Minister Diefenbaker would involve a payment to B.C. of \$458,000 less than the original formula.

"The general cost of services in B.C. always has been substantially higher than other Canadian provinces, the cost of highways and road construction alone is immensely higher, and as over 9 per cent of our territory is unorganized, far more has to be spent on it for development than elsewhere and yet no account is taken of this."

He said two trucks with Red Cross supplies were sent to the village and the local International Red Cross representative—

Mustapha Fallal of the Tunisian mission, located about one mile from the village, was destroyed.

## School Children Among 100 Dead

TUNIS, Tunisia (AP) — French bombers raided a Tunisian frontier village today and a Tunisian official charged possibly 100 persons were killed and another 82 wounded.

First Tunisian reports had put the toll at five dead and 40 wounded.

French authorities acknowledged their planes had attacked a Tunisian territory but said the objective was an Algerian nationalist camp. They said the camp twice fired on French reconnaissance planes flying over adjacent Algeria.

The French charge d'affaires in Tunis was called to the Tunisian foreign ministry tonight to receive what is certain to be a blistering protest. French and Tunisian relations already are strained.

The French defence ministry in Paris confirmed that warplanes raided the village this morning but as for the Tunisian casualty figures, declared "How can we count the number of dead?"

Minister Jacques Chaban Delmas said the French planes had done no more than exercise the right of legitimate defence against anti-aircraft forces operating from within the Tunisian borders.

Mr. Gilmour, who is a partner in the firm of Boyle, Atkins and O'Brien, has been in the valley for the past six years since graduating with degrees in arts and law from UBC. A native of Calgary, he served with the Canadian navy in World War II. He makes his home in the Summerland area.

## AMID CRIES OF 'ARE WE IN RUSSIA?' Unruly Heckler Ejected

By CHRISTINE STEWART

Canadian Press Staff Writer

MONTREAL (CP) — British

adjutant Richard West Friday

night praised the only out-of-town

entry in the week-long Western

Quebec regional drama festival—

free for the first time of audience

interruption.

A heckler—described by the

atre officials as "the man who

has been making trouble every

night"—was forcibly ejected by

police from the theatre for whis-

ling and booing the Sherbrooke

Que. play.

Every time Mr. West has given

his critical comments on the

festivals there has been some

sort of audience reaction—

occasional boos, shouts and

muted grumbling. The "whistler"

was removed after the first act

by two policemen and Mr. West

was able to get his points across

without a murmur from the

paying customers.

He said the Sherbrooke play—

"La Cuisine des Anges"—pre-

sented by L'Union Theatre in

Quebec—was "altogether a good

show" but he qualified his remarks by referring to faulty

grouping and lack of contrast in

some of the acting.

HECKLER DISAGREES

But his unofficial rival, the

heckler "adjutant" continued

to mutter "noisy, noisy,"

and once argued sharply with

nearby patrons who took excep-

tion to his loud disapproval.

Before the curtain rose, the

man described as well dressed

and literate, slapped the face

of a man sitting next to him. His

victim later said he couldn't think

of a reason for the man's action.

The heckler was taken away in

a police car, but it was not

known if any charges were to

be laid against him. Police said

later he was being held for

mental examination.

The audience took sides over

the heckler's enforced removal.

Some seemed to feel that he

should have had the right to re-

main in his seat—and they said

so out loud. Cries of "Are we in

Russia?" and "This is a free

country" were heard from some

audience members.

now... take the big step ahead

# new blue Chevron Supreme

*Standard announces a new grade of gasoline...  
specially compounded to deliver more  
performance from today's super cars*

**... more value from your gasoline dollar!**

Feeling adventurous? Then take the big step ahead to a new experience in driving... new blue Chevron Supreme!

Here is a different gasoline... designed to put your car on a new level of power and performance.

New blue Chevron Supreme is made possible by new developments in refining techniques... a special compounding of selected gasoline stocks with advanced components of aircraft fuel.

The result is a super gasoline... road-tested for thousands of hours on powerful new '58's... on late model cars... even on older models with high compression engines.

The big step ahead is *here*. Take it today. New blue Chevron Supreme... another fine Standard Oil product... at the new blue pump.

Top performance from Chevron, too. Chevron Gasoline is for all but the highest-compression cars.

The West's most popular economy gasoline, it's the only "regular" with the same compound you get in new blue Chevron Supreme—carburetor-cleaning Detergent-Action, for greater gas mileage.

Stop for Chevron at the red pump.

DIESEL RAILWAY UNIT ON TEST RUN

A test run by a Canadian Pacific Railway Dayliner RDC 3 to establish schedules was partially completed yesterday when the self-contained diesel arrived in Penticton at 5 p.m. The dayliner made a test run from Medicine Hat to Nelson Thursday and from Nelson through to Vancouver yesterday. The self-contained unit contains a baggage compartment and passenger accommodations. This type diesel car is to go into a regular service on the Kettle Valley line later this year.

### AGAINST TEACHERS' SALARY HIKE

## Growers Want New Route for Highway

OLIVER — An alternate route for a wider Highway 97 between here and Osoyoos, is urged in a brief to Highways Minister F. A. Gagliardi from the Oliver and Osoyoos locals of the B.C. Fruit Growers Association.

## Credit Union Votes 3 Per Cent Dividend

SUMMERLAND — Assets of over a million dollars and a surplus balance in 1957 of \$22,255.73 were reported for the Summerland Credit Union at the annual meeting last night.

The well-attended meeting, preceded by a pot-luck supper, voted a three per cent dividend on members' shares; allocation of a further \$2,000 to the reserve fund and putting the \$500 remaining in the year's surplus balance, into undivided surplus. First 30 per cent of the year's surplus goes into reserve automatically.

"It was noted that the credit union now has 1,856 members."

**PRESIDENT RE-ELECTED**

F. R. Ganzewald was re-elected president with Dr. J. M. McArthur being named vice-president.

Named to the board of directors were Dr. J. L. Mason, Don Blagborne, L. L. Shannon, J. Lichtenwald, and William Gallop.

Committees named were: Supervisory—C. L. Lackey, W. McCaig, Joe Salinger; Credit—Harvey Mitchell, Gordon Beggs, J. R. Butler; Education—Mrs. L. L. Shannon, Miss Doreen Tait, Charles Miller, Harry Hackman.

Presentations were made to Dr. J. M. McArthur, "Brother's Keeper" in Summerland; Mrs. John Caldwell, retiring vice-president; and Mrs. Harvey Mitchell, retiring board secretary.

Jeff Blogg of Keremeos, president of the South Okanagan Chapter of Credit Unions, was present to give a brief address.

## Treasure of Sight Stressed During White Cane Week

"If you have good vision today, prize it as your greatest treasure." That is the message of Mr. Bill Lynch, president of the local C.N.I.B. Branch, for White Cane Week which gets underway tomorrow from coast to coast.

"No one knows the value of good sight better than the blind," said Mr. Lynch. "That is why Canada's 22,000 blind citizens are supporting this urgent plea to the public from The Canadian Council of the Blind and The Canadian National Institute for the Blind, Feb. 8 to 15. They urge you to 'Prize Your Eyes' as your star possession."

He explained that all the blind are not totally blind; but according to medical and legal definition, they suffer a considerable loss of visual efficiency and range from those who see to go about alone to those who are totally blind. Some see everything in a fog with color blurred and indistinct. Some see only a portion of the object if their visual field is limited. Others can spot a pin on the floor but miss the moving van on the road. Still others misjudge distance and must realize the object in their mind. For them reaching for a cup of tea or taking a hat off a table requires extra thought.

Keen-minded, partially-sighted people use logic to compensate for their defective sight. They reason that what they see as a gray patch moving swiftly down the street is an automobile. They move with certainty in their own homes but are lost in strange surroundings.

**MANY MISUNDERSTANDINGS**

Their plight leads to many misunderstandings. Neighbours find it hard to realize that what a man sees at home is perceived through good judgment rather than through good vision.

Further confusion arises when the partially sighted person carries a white cane. Too often fully sighted Canadians believe the cane is for the totally blind alone. In reality, it belongs to those who see at twenty feet what a fully sighted person sees at two hundred feet.

"If you have good sight today, take care of it," Mr. Lynch said. "See an eye doctor and wear glasses if he prescribes them. Remember one pair of eyes must last you all your life, so take care of them."

## St. David's Fete Planned For Welshmen

VERNON — Welsh people in the interior are invited to a Saint David's Day banquet being held here Feb. 28 as part of the B.C. Centennial celebrations.

Sponsored by a group of Welshmen in this city, the banquet will feature turkey and a talk by O. L. Jones of Kelowna, former mayor of that city and former MP for Okanagan-Boundary.

A musical program in Welsh and English is also being arranged.

All interested Welsh Canadians and their friends are asked to contact either Idwal Evans or N. Hughes Davies here immediately. Dinner reservations must be in by Feb. 20.

The gathering will be in the Vernon United Church beginning at 7:00 p.m. Admission will be \$1.50.

## Prince George Population May Reach 50,000

PRINCE GEORGE, B.C. (CP) — Prince George's birth rate is so high that the population by 1980 could be increased from its present 11,000 to 50,000, Desmond Parker, town planning consultant, has estimated.

## CITY & DISTRICT

Saturday, February 8, 1958 THE PENTICTON HERALD 3

## Extra-Curricular Activity Debated

SUMMERLAND — A panel discussion on pros and cons of extra-curricular activity in schools, aroused keen interest among a large attendance at the monthly PTA meeting.

Howard Parker was moderator. Gordon Mundle, physical education instructor at the high school here, outlined the general school program and the need for balance between study and physical activity. He said a school can do much to encourage children who ordinarily do not participate in school affairs with the therapy of the PE curriculum being particularly effective.

**CENTRED IN GYM**

In an opposing vein, R. S. Oxley felt that the school at times was being centred in the gym taking the students' minds away from studies. He thought there was over-emphasis on sports.

Mrs. N. O. Solly was in favor of physical activities as long as they were not overdone. However she agreed that it was difficult for students to find time for homework and keep up academically in major circumstances. She paid tribute to the teachers who spend so many after school hours supervising extra-curricular activities.

A. K. Macleod, principal, outlined highlights of the school year since last September, mentioning the valley students' council conference and the amount of organization it entailed, done to a large extent by the students.

John Tamblin, vice-principal of the high school, spoke on the use of visual education and use of film strips.

The PTA will sponsor Holiday Theatre again this year in its showing of "The Magic Nugget". Professor W. Auld from the School of Education, UBC, will address the March meeting. Professor Auld is an expert in counselling and has had years of experience in Vancouver schools before joining the staff of UBC.

## Conferring With Premier on New Bridge Opening

KELOWNA — A five-man city delegation has left for Victoria to confer with Premier Bennett and other members of the cabinet on problems in connection with the official opening of the Okanagan Lake bridge later this year.

In the party are Mayor R. F. Parkinson, Aldermen Jack Treadgold and A. Jackson, comptroller D. B. Herbert and city assessor J. Markle.

## Motorcyclist Hurt in Crash

The condition of George Wayne Miller, injured late yesterday afternoon after colliding with a car at Padmore and Main, was reported good this morning by hospital authorities.

Miller suffered leg lacerations when his motorcycle was involved in an accident with a vehicle driven by William Boyd of Penticton.

Boyd's car was travelling north on Main Street and Miller was travelling south. RCMP said Boyd apparently made a left hand turn into Hunt Motors and Miller, unable to stop, struck the car broadside.

RCMP were uncertain as to extent of damage.

A second accident involving a Vancouver man and a Penticton resident occurred at 6:45 p.m. at the intersection of Eckhardt Avenue and Main Street. Involved were L. Overholser of Penticton and Robert R. Hopkins of Vancouver.

There was no estimate of damages.

## Arts Festival Director to Visit City

VANCOUVER — Peter H. Bennett, director of the Vancouver International Festival, will visit Penticton Feb. 17 as part of a two-week tour of 10 B.C. centres explaining the role of the festival.

Sponsored by the Canadian Club, the tour will start at Victoria Wednesday.

Purpose of the visit is to stress that the festival, although located in Vancouver, will extend benefits throughout the province and will make B.C. a world-famous artistic centre as well as world-famous vacation spot.

After his Penticton stop Feb. 17, Mr. Bennett will be in Vernon, Feb. 18; Kelowna, Feb. 19; Kamloops, Feb. 21; Cowichan, Feb. 24; Comox, Feb. 25; Alberni, Feb. 26; Qualicum, Feb. 27; and Chilliwack, Feb. 28.

## Osoyoos Rallying to Help J. Usher Family

OSOYOOS — Citizens here are rallying to the aid of the James Usher family whose home was gutted by fire yesterday morning with the loss of all their household possessions. There was no insurance coverage.

Harry H. Hesketh, Osoyoos postmaster, said this morning that possibilities of rebuilding the gutted home are being fully explored and donations of cash and materials have begun to come in. Donations are being accepted at the post office and the village office in Osoyoos.

It has not yet been determined whether the home, a fairly new structure, can be rebuilt from its present state or will have to be demolished for a completely new building. Volunteer work parties yesterday cleared away the debris, put windows in, and lit fires in stoves to speed the drying process.

**MORE DONATIONS NEEDED**

First day of the fund to assist the couple and their five children saw a few donations turned in but many more are hoped for this weekend. Urgency of the need is emphasized.

Yesterday's fire was the latest in a series of tragedies that have hit the Usher family in the past few weeks. The five-year-old daughter, Christine, has only recently returned from heart surgery in Vancouver. A short while later one of Christine's brothers fell and broke his arm in two places. Then, three weeks ago, Mr. Usher's mother died.

## Making Job Easier For Enumerators

Penticton and district residents are asked to co-operate with the enumerators for the March 31 federal election voters' list which gets underway Monday.

There will be 29 pairs of enumerators canvassing in Penticton to get the names of all eligible voters. The public can help by giving the names of all eligible voters at the address when the enumerator calls. Those who are out all day or will be absent from the city, are asked to leave the information with some reliable person.

Information required by enumerators is name, occupation and mailing address.

A separate rural poll has been set up this time for residents of the West Bench.

Don H. McLeod of Kelowna is returning officer.

## Assault Charge

OLIVER — Frank Dudley Wilband appeared in Oliver police court before Magistrate J. H. Mitchell charged with common assault as the result of an incident that took place in Oliver May 1 last year.

Mr. Wilband, who had been brought back from Edmonton to face the charge, pleaded not guilty, and was remanded for trial.

## Kaleden Youth Staging Drive For Beach Job

Teenagers at Kaleden are conducting a canvass of homes to raise \$300 for improvement of the children's beach at their community.

Land for the purpose has been leased from the CPR but requires truckloads of sand to make it usable.

The beach is part of the community's centennial project and the provincial government is expected to contribute \$150.

## Let Ability Set the Level Of Teachers' Salaries

With the question of teachers' salaries so much before us these days we once again call to mind the proposal that teachers be paid according to merit. The suggestion is not new. Indeed of all the criticism levelled against the teaching profession the one most often heard is that there is little or no effort to pay according to ability.

Once engaged as a teacher, a person automatically receives regular increments and increases according to a set formula that applies to all teachers, whether they are good, bad or indifferent.

The entire question of teachers' salaries is to be discussed at some length at the forthcoming Canadian Conference on Education to be held in Ottawa this month.

Although a salary schedule for a large public school system is a most complicated document, the principle behind it is not at all difficult to understand.

Most civil servants and employees of public bodies are paid according to a salary schedule. It is not a method which applies peculiarly to teachers. The schedule is based on a complete job classification and rating of all employees in a department or the service generally, according to their work or occupation.

Each classification is given a minimum and a maximum salary (or wage), and employees progress from one to the other by a rise of a certain amount, known as an increment, each year. Each

classification is related to those above and below it by a specific differential. Recognition is rarely, if ever, given to ability or performance. The capable employees in nearly all levels of government service can only be given more money than his category or experience permit by being promoted or given a new classification.

Teachers' salary schedules are ordinarily based on three primary factors: qualification, teaching experience and responsibility. What will be paid for these factors will ordinarily be negotiated by the local school board and representatives of the teachers. The complexity of the schedule is due to exceptions and extras needed to give proper compensation for the numerous special circumstances to be found in a large school system.

The average taxpayer, who has to meet the cost of education and pay the salaries of teachers is, we believe, satisfied to have capable and competent teachers paid a good salary. They are less happy about paying the same amount of money to a teacher who is not able to impart knowledge and stir the imaginations of our young people. Whether any system can be worked out which would grade teachers in somewhat the same way that students are graded according to their school ability, is a question that would require a great deal of careful study. But there is no doubt that many people would be happy if some such system could be devised.

TRYING TO SPLIT THE TEAM

### EDITOR'S FORUM

#### HIGHER THAN RED MISSILES

(Listowel Banner)

The Soviet may be able to shoot a missile of longer range than the Western powers but they are aware that other nations possess atomic warheads. They would likely think twice before inviting blasts from these lethal inventions. Let then the free world's chief aim in scientific research continue to be searching for improvements in living standards and the eradication of misery and disease.

#### SIDELIGHT

(Ottawa Journal)

We have heard a lot of late about the desirability of Canada buying more from Britain.

But now we hear of our Tariff Board opening hearings on February 24 on a request from a "Canadian company" to increase the duty on synthetic fibres imported into this country from Britain.

Under the British preferential tariff these particular synthetic fibres enter Canada duty free. This "Canadian company" say they should pay a duty of 7 1/2 per cent.

Where is this "Canadian company" owned and controlled? It is controlled and owned in Britain.

#### HORRIBLE EXAMPLE

(Fort William Times - Journal)

On completing his first flight in an airplane, a 99-year-old Australian bent over and touched his toes without bending his knees and did the splits to prove that keeping fit keeps you alive. Just reading about it must have made many a middle-aged man shudder.

#### FATAL PAUSE

(Fort William Times-Journal)

A young couple in Greece hired a donkey in their plan to elope. But a mile from home, the donkey stopped and refused to budge another inch. The girl's parents caught up with the lovers, chased the young man away, spanked the bride-to-be and took her back home.

It's a sad story. But of course it is just possible the donkey was a sagacious animal, believing that people shouldn't try to make donkeys of themselves.

#### ANTI-SLOWPOKE LAWS

(Saint John Telegraph-Journal)

There is considerable interest in Canada in California's new anti-slowpoke regulation — a law which may effectively deal with one of the greatest traffic hazards on the highways.

Under this system, a driver who finds himself leaving a procession of more than five vehicles on a two-lane highway has to get off the road and let them pass, otherwise he can be convicted and punished for causing the congestion.

#### UP-HILL STREETS

(Moone Jaw Times-Herald)

Although it is elemental that water finds its own level, engineers still design streets with the water running up hill.

#### WON'T LISTEN

(Ottawa Citizen)

Some husbands whine that the wife "won't listen to reason." But why should she listen, when the reason is usually so thin she can see right through it anyway?

#### NO GUARANTEE POSSIBLE

(Ottawa Times-Gazette)

Great Lakes Steel Company is asking for a guarantee against wildcat strikes. It might as well ask for a guarantee that there will be no floods, fires or tornadoes.

## Lists Objections To Welfare Cuts

(Roderick Hagg-Brown, well-known author and magistrate at Campbell River, Vancouver Island, recently wrote the following letter to the editor of the Victoria Colonist.)

Anyone who feels the slightest concern for the future welfare of the province must have been deeply shocked by recent newspaper accounts of impending reductions in penal and welfare services.

My own concern is that of a provincial magistrate of nearly twenty years' experience in using these services. They have always been inadequate, but until now there has always been growth and improvement, with promise of still further improvement.

I feel that the public generally has little opportunity to observe and understand the workings of the various services involved, so would like to discuss, very briefly, their present state:

1. **Oakalla Prison.** This institution has long been a disgrace to the province. Warden Christie, a brilliant penologist, dedicated, courageous, aggressive and highly constructive. He has greatly improved the staff and the whole tone of the institution. The Young Offenders' Unit has proved a great advance and the Haney Correctional Institute promises well.

But the physical plant of Oakalla itself is an abomination which has largely frustrated every effort at improvement. Any outbreak at Oakalla is a dangerous attack on all the good work that has been done and will set the province back many years.

2. **Nowhaven** has proved a good and highly successful institution from the start. But it has remained only a start towards what should one day become a full-scale Borstal system. Possibly this is a federal responsibility. But any tampering with the present Nowhaven is a destructive backward step.

3. **Woodlands School**, even with the new wing in full operation, would be inadequate for present provincial needs. I have known of retarded children who, after waiting three years and more for admission to Woodlands, had finally to be sent to corrective institutions. This is a waste that reflects upon the humanity of every responsible man and woman in the province — upon all of us collectively as a human society.

Any outbreak at Woodlands, for whatever cause, is inhuman and irresponsible.

4. **Esmondale:** A much improved mental institution, but even at full staff no more than adequate for the needs of the province. Any outbreak here can only be a tremendous cost to the province.

5. **Brannan Lake:** An up-to-date and valuable institution called upon to perform an impossible task as the only corrective institution in the province for juveniles. For this reason alone it must always be inadequate, even at full staff.

At least one, preferably more, additional institutions of different types are needed. A further deficiency is the complete lack of detention homes for juveniles awaiting trial or disposition throughout the province, except in the largest cities. All thought here should be towards expanding and varying facilities, not reducing them.

6. **Probation Service:** From its inception, this service has been inadequate. In the early years this was to be expected, but inadequacy has been continued almost to the point of destroying the usefulness of the service.

## Watching Moose A Full Time Job

By GERRY McNEIL

Canadian Press Staff Writer

EDMONTON (CP) — Alberta moose need a lot of room when they eat, or they can starve to death in no time.

"One or two per square mile can be a crowd," says Bob Webb, 25-year-old provincial game biologist, whose job it is to see that the moose don't eat themselves out of existence.

At a rough estimate 50,000 of these sleepy-looking kings of the forest amble in Alberta, mostly in the foothills or the sparsely populated northern areas.

Sedentary animals, ideally adapted to north temperature climates, they may move only two miles from their birthplace in their lifetime. Ranging in weight from 600 to 1,200 pounds, standing taller than a man, they are still seldom seen.

The difficult part for the hunters is to find the moose," said Bob. "Killing him is usually easy."

They are the most desired of Alberta's big game animals. In 1956, hunters bagged 4,507 moose, compared with 3,379 deer and 1,319 elk.

Despite the big kill, biologists felt the moose population was large enough to permit an open season on cows in 1957. An estimated 1,000 were killed, along with 4,000 to 5,000 bulls.

"We try hard to balance the herd through hunting seasons to keep the herd through hunting seasons to keep the population in line with an abundance of nutritious foods," the biologist explained.

**BIG APPETITES**  
Moose are heavy eaters. When they run out of hardwood—birch and willow—they have to turn to less nutritious foods.

"When they browse too heavily," says Bob, "they injure trees, cutting down their winter

food. If an area is closely browsed, it means too many moose are around.

"Some areas can support more moose than others. That's why a northern season may be longer than one in the foothills."

Game biologists make aerial surveys in the winter to determine the number of new calves and the number of moose in an area. In the summer, they check browse conditions.

When winter comes in areas that have been over-browsed, the moose is forced to eat foods that aren't good for him, parasites multiply and he weakens considerably.

**NATURAL REMEDY**  
Other methods besides controlled hunting keep moose feeding areas from becoming overcrowded. Timber operations for instance open forest areas to new growth on which moose thrive.

Forest fires used to serve this purpose.

"The Indians knew this," says Webb, "and they would burn off an area to restore falling moose populations. Any area can support more moose after a burn."

Science knows the process as forced succession. Grasses and mosses grow first in a burned or cleared area. Then come smaller birch and willow trees followed by pine and aspen.

Spruce and fir constitute the forest until old age, fire or man removes it.

Treaty Indians in Alberta, not subject to game seasons, and far north residents, shoot many moose for food all year round.

Predators like wolves, mostly killed in recent years, present few problems to the modern moose.

"Eventually we'll probably have to restrict licensing," says Bob, "but right now the moose shot in our six-week season play a big part in balancing the herd."

## Pilots' Rule on Alcohol Wise for All Drivers

By HERMAN N. BUNDESEN, M.D.

Take a tip from the airline pilots when you get into your auto to drive anywhere.

Regulations adopted by the airlines, and supported by the pilots' union, prohibit drinking of alcohol by fliers for 18 hours before flying.

**COMMERCIAL DRIVERS**  
Now the Harvard School of Public Health has looked into the matter pretty thoroughly and recommends a similar rule for commercial drivers. Let me go one step farther and suggest that all drivers, even you motorists, abstain from alcohol for a minimum of 18 hours before climbing into a car to drive.

I'd like to explain why. Alcohol, you see, is eliminated from the blood stream and tissues very, very slowly — at the rate of only one-third of an ounce per hour. And contrary to popular belief, the Harvard investigators say, drinking black coffee or exercising will not speed up this rate.

**QUESTION AND ANSWER**  
T.E.: My brother's eyeballs frequently shift horizontally from one side to another. What can be causing it?

Answer: From your description, it would seem that your brother is suffering from nystagmus.

This may be caused by a vision difficulty, badly-fitting glasses or eyestrain. However, some nervous disorder may also be the cause.

Better see your eye doctor.

### DIVERSION

A woman driver was driving down a one-way street the wrong way when she was stopped by a policeman who asked gently but sarcastically:

"I beg your pardon, Madame, but where do you think you are going?"

"I don't think it makes much difference now," she said. "It looks like everybody's coming back."

A U.S. senator has demanded that heads be knocked together at the Pentagon. It would be a stirring sound — the clang of one brass hat against another.

A veterinarian says many dogs suffer from allergies. Oddly enough they never seem to be allergic to the newly upholstered sofa or the best chair.

A bachelor returned from his Christmas leave showing signs of having experienced a very strenuous time. One of his friends found him sitting in a chair with his head buried in his arms.

"What in heaven's name have you been doing?" he asked.

"Fishing through the ice," groaned the sufferer.

"Fishing through the ice? For what?"

"Cherries," was the reply.

### NEW SPRING TOPPER

BY TRACY ADRIAN

For resort travel now, this topper should see plenty of wear around home in a few weeks. It is of blond cashmere, cut on straight lines. A round collar lies flat on the shoulders. Deeply cuffed slant pockets call attention to the three-quarter sleeves. The front closes with cluster topaz buttons.

### MARY HAWORTH'S MAIL

## Wife Lacks Interest In Marriage, Home

Dear Mary Haworth: I have a problem that bears on my mind all the time. In fact it gives me headaches.

I am 21, married and have two children and a good husband. I love my husband; at least I try to tell myself that I do. Anyway, I work eight hours daily in a factory and come home tired.

When I look at this house I don't have the heart to clean it up as I should. My husband never helps me, as this is woman's work. I don't understand why I've lost interest in my home and marriage.

I know I'm about to go off the deep end and I can't seem to pull myself out of a struggle. It seems life is such a struggle. I go out and have a good time. Why don't I have that pep at home, to put to the housework?

### LONGS FOR GAY EXCITING LIFE

I don't enjoy being this way. I get lazier and harder to get along with every day. Sometimes I feel I should get a divorce and lead a gay exciting life that I have missed — but that would be running away from my responsibilities.

I got married at 16. I know I am no prize package; but I don't think my husband should act as if he's too good to help out. He is six years older than I am. I would appreciate your help and advice. Thank you.

### SHE RESENTS UNFAIR DEAL

Dear N.E.: Your apathetic reaction to the untidy house, at the end of your wage-earning day, is tied in with hostility feelings towards your husband. It seems you are tired at such times, yes; having already given the cream of your energies to factory work. But it is more than physical weariness that gets you down, and robs you of enthusiasm for evening chores.

It is the heavy emotional fatigue of cumulative resentment, sparked by conjugal tensions, plus a dead-end sense of futility as regards your domestic routine — a sense that it leads to nothing but fetters and drudgery. It is this that takes the heart out of you, when you get home.

### HUSBAND SEEMS MUCH AT FAULT

As I see the picture, your husband seems seriously at fault in the situation. Inasmuch as you share the bread winner's task, doing factory work to help meet the costs of family upkeep, your husband ought to do a partner's share on the home front too.

He should, help with woman's work as faithfully as you help pay the bills. Also he should insist, considerably, upon periods of partnership recreation and relief from the labor grind. However, since he doesn't — but selfishly leaves you to make the best of things, with the result that you are drained of joy of living — what's the remedy?

Well, there is no quick cure-all for the headache. A long term effort will be required; but it is an effort worth making. Obviously you are a valiant person — better than average in intelligence and all-around honesty. You aren't a slacker and you don't kid yourself. You tend to see straight.

### MATURE OUTLOOK IS GOOD MEDICINE

My prescription is to educate yourself to a mature view of marriage — to clear understand-

# Women

Saturday, February 8, 1958 THE PENTICTON HERALD 5

## Canadian Legion L.A. Plan Year's Program

Conveners have been named and dates released for a number of fund raising projects sponsored annually by the Ladies' Auxiliary to Branch 40, Canadian Legion. These ambitious plans were made known to the members at their first meeting held under the chairmanship of the newly installed president, Mrs. Graham Kincaid.

Ways and means conveners announced that the spring tea will be held April 12 under the chairmanship of Mrs. Ron Dean; the fall bazaar will be held October 25 and a rummage sale has been arranged for February 15. Anyone wishing rummage picked up should contact Mrs. Bolton or Mrs. J. Watson.

The auxiliary will also sponsor whist parties on February 10 and

24 in the Legion hall. It was decided that a grand aggregate prize will be awarded at the conclusion of the present series.

Tea will be served at Senior House Saturday, February 15, by Mrs. Harold Greenslade and Mrs. Carl Anderson.

Home and hospital visiting reports were submitted for January and conveners named for this month were: Mrs. Wilfred Gougeon and Mrs. Kincaid, hospital, and Mrs. Anderson and Mrs. Floyd Brubaker, homes.

The members approved a motion proposing a donation of \$25 to the UBC Development Fund.

Mrs. Jean Dickson was initiated into the auxiliary.

## Maple Leaf Circle Endorses Petition

A petition in disagreement with the government's proposal to relocate the New Haven Borsal institution from its present location to the Haney jail, has been endorsed by members of the Maple Leaf Circle of the Pentiction United Church Women's Federation.

This matter came before the members at the monthly meeting Thursday afternoon at the home of circle president Mrs. E. W. Unwin.

Other business dealt with discussion concerning the annual World Day of Prayer to be held this year in the Pentiction Church with Mrs. Unwin in charge of the program.

It was announced that a film of particular interest will be shown at the Women's Federation meeting on Tuesday evening, February 25, in the church hall. The picture concerns a Japanese, Mrs. Watari, who was brought to Canada by the Dominion Board of the Women's Missionary Society of the United Church of Canada. Her activities during a year's stay in the Dominion are portrayed in the excellent film.

For education along this line, read "Life Together" (Sheed & Ward), by Wingfield Hope; and "Woman's Guide to Better Living" (Prentice-Hall) by Dr. John A. Schindler.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of Pentiction Herald, Pentiction, B.C.

## Tea Party Honors Mrs. Allen Wilson On 93rd Birthday

PEACHLAND.—Tuesday, February 4 marked the 93rd birthday of one of Peachland's grand old ladies, Mrs. Allen Wilson, when her family arranged a tea party to celebrate the occasion. Present were her daughter-in-law, Mrs. W. H. Wilson, her granddaughter, Mrs. B. Lingor, Mrs. V. Milner-Jones, Mrs. M. Sundstrum, Mrs. Doris Beatty and Mrs. E. J. Stack. Many presents and a beautiful birthday cake were the features of the afternoon.

Mrs. Wilson has resided in Peachland since 1919, coming from Alberta with her family.

## New High-Fashions Feature Short Skirts

By MURIEL PENN LONDON (Reuters) — Legs, legs, and more legs — that is the outstanding impression left by three weeks of high-fashion showings in Paris, Florence, Rome and London.

Shorter skirts have become the centre of attention in the fashion world. The question is not so much whether women will shorten their skirts — that is already decided. They may at the moment be protesting vigorously "never, never," but in six months time there will not be a mid-calf skirt in the stores.

The real point of discussion is exactly how much is to come off. Here, even the usually allied courtiers are at variance.

In London, as in Paris and Italy, different designers showed varying degrees of shortness. While Cavanagh, Michael and Paterson raised hemlines in many cases to the bend of the knee at the back — 18 to 20 inches off the ground, Norman Hartnell and Hardy Amies, kept them about one inch below the knee, or roughly 17 inches from the ground.

Rehearsals and the assembling

## AROUND TOWN

## Past Noble Grands Elect New Officers

Past Noble Grands Club of Redland Rebekah Lodge, No. 12, elected Mrs. F. H. Taylor to succeed Mrs. Ruby White as president for the ensuing term of office.

Other new officers elected when the club held the February meeting at the home of Mrs. Taylor were Mrs. L. W. Lowe, vice-president; Mrs. C. C. Baker, secretary-treasurer, and Mrs. P. F. Eraut, press reporter.

The 17 members present answered the roll call by giving their first impression after initiation into the order and the name of the lodge where each had become a member. This was novel and entertaining as many had come from distant centres.

Business of the evening dealt with finalizing plans for the club's participation in the Rebekah's annual Valentine Tea in the Legion Hall.

Following adjournment of the meeting a pleasant social hour was concluded with refreshments served by Mrs. Taylor, Mrs. H. A. Cramer, Mrs. L. W. Lowe and Mrs. J. C. Fidyk.

Mrs. W. R. Pharoah has come from Wimbledon, London, England, to make her home in Pentiction. She arrived here last week travelling to Canada via the Polar route and is now in residence with her son-in-law and daughter, Mr. and Mrs. Ron A. Westad, Vancouver Avenue.

Mr. and Mrs. William Medd and Miss Betty Medd, 695 Alexander Avenue, have returned home after spending the past six weeks visiting relatives in Seattle and Vancouver.

Ray Dewar has come from Duncan to join the staff at the local office of the Dominion Income Tax Department. Mrs. Dewar and two children will join him at a later date.

RCAF Fit Cadet T. M. Campbell is here from Centralia to visit his parents, Mr. and Mrs. T. W. Campbell, Summerland, and his aunt, Mrs. E. G. McAndrew, of this city.

HIGH CROWN, HIGH STYLE IS EMME'S PRINT CLOCHE

## Ruffles and Bows Trim Little Girls' Lingerie

By ELEANOR ROSS

It's a pity that every little girl in the world can't see herself in one of the adorable new "glamour" petticoats, frothy with ruffles, embroidery and ribbons.

One charming version looks like a powder puff, with its billowing nylon skirt puffing out just below the waist and just above the hem ruffle. Little girls aren't concerned with narrow sheath petticoats. Ruffles, lace, embroidery and colorful ribbons, spell beauty to them.

DAINTINESS AND CHARM Wardrobe items such as these instill daintiness and charm early in a girl's life. They also tend to give her a feeling of personal pride, neatness and order.

As for Mother, she will be happy that, despite the fairy-like look, these undies are as easy and safe to suds as anything that is washable. And there's no ironing involved, either.

So there's no reason why a little girl shouldn't wear such gorgeous underpinnings as often as she likes. Just suds, rinse and let them drip-dry.

WONDERFUL GIFTS Some of the petticoats, or petti-

slips, have panties to match. Whether you buy them separately or as a set they will make wonderful gifts. Keep them in mind when shopping for birthday surprises!

Recently, we discovered a gift idea that was completely new to us — mother-daughter tablecloths.

The twosome consists of a big, beautiful synthetic cotton lace cloth for the family dinner table and an identical smaller cloth for the children's table.

So often at a gathering of family and friends the youngsters have to be placed at a so-called "second table." Many children resent this and feel that they are being shooed around, so to speak.

MAKE EVERYBODY HAPPY

But when the smaller table is set with the same grace and charm that the hostess lavishes on the main table, everybody's going to be happy. The children will be charmed with their own

## Artificial Blooms Can be Revived

To revive artificial flowers worn in the hair or on a suit, freshen up by brushing each petal with a damp sponge that has been dipped in starch. Press with warm iron and shape petals while still damp.

Trim frayed edges with scissors. When pinning a corsage on a dress, push a small pencil eraser over the end of the pin. The pin will not stick you and the corsage will remain intact.

## NOVEL LINE

By VERA WINSTON

The lantern line is responsible for the very new and different look of this dance dress. The fabric is black chiffon set off with black satin piping. The ruching-type pleating at the hem is elasticized for comfort in motion and tied around with a blue satin bow. Very new, this is a comment-provoking style.

## HANDICRAFTS FOR MODERNS

Here is striking proof that your talent in an old-world handicraft can be effectively used to blend with any modern decor. This embroidered table runner in a modernistic design is worked in old rose, blue and emerald green on a background of white linen, and will look particularly attractive on a dark table. If you have a light table,

work the design on a background of natural or colored linen. The entire design is done in the simple satin stitch. To receive the embroidery instructions, simply send a stamped, self-addressed envelope to the Needlecraft Department of this paper, requesting RUNNER, Leaflet No. E-6731.

# Stone Lays Claim To Curling Crown

## Trail Rink Boasts Unbeaten Mark in Consols Competition

Reg Stone of Trail, thea quiet, cigar-smoking skip from the Kootenays, scored a pair of victories yesterday in the Consols competition to take a virtual stranglehold on the provincial championship.

At the completion of play last night, Stone had reached the final of both the A and B events of the double draw Consols competition.

If he wins both final games he picks up his seventh provincial curling title. If he wins one and drops one, he will face his conqueror in a best of three play-off series.

To upset Stone, Glen Harper of Duncan and either Tony Gutoski of Victoria or Gerry Green of Vernon face the unenviable task of beating the Trail skip twice.

Gutoski was the only zone winner left in the Consols competition at the completion of play Friday night. Stone, Green and Harper all gained a berth in the Consols by reaching the finals of the two primary events.

Stone had a relatively easy time disposing of Lloyd Harper of Quesnel yesterday afternoon, chalking up an 11-5 victory.

The Trail rink picked up three in the first end and were never headed, although Harper cut their lead to 5-4 in the sixth end.

That was as close as he got as Stone scored on each of the next five ends.

The sharpshooting Trail quartet continued to mow down their opposition with amazing regularity, sending Gerry Green of Vernon down to a 13-6 defeat, his first in the Consols competition.

After being held close in the early going, Stone got three on the eighth and four on the tenth to win going away.

In the afternoon Consols draw, Tony Gutoski of Victoria came up with a brilliant clutch shot, on his last rock to edge Harold Jordan of Kimberley 9-8.

In the same draw, Harold Christopher of Vancouver scraped by H. Wilson of Nanaimo 8-7. Gerry Green of Vernon bested Bill Hoffman of Chilliwack 10-7. Glen Harper of Duncan sidelined Bill Croft of Sumnerland 12-8.

Glen Harper of Duncan, who has been showing better form each time out, took the Lakeshore trophy last night, defeating Bill Croft's Sumnerland rink 8-4.

Harold Christopher of Vancouver defeated Gar Taylor of Victoria 10-9 in the semi-finals of the F event in another of last night's matches.

Bung Carmell of West Vancouver took the Three Gables trophy, besting W. Forrest of Trail 11-6 in the final.

In another semi-final, Lloyd Harper of Quesnel hunted H. Wilson of Nanaimo out of contention in the C event.

Stone, who will meet Gerry Green of Vernon in the final of the Cranna event, is also leading in the grand aggregate race with 10 wins in 11 starts.

Glen Harper of Duncan and Gutoski of Victoria each have 9-2 marks.

## Ann Barclay Repeats as Top Netter

MONTREAL (CP)—Yvon Leblanc of Mariville, Que., and Ann Barclay of Vancouver were placed at the top of the Canadian national junior tennis rankings for 1957, announced Friday.

In the men's division John Bassett of Toronto was ranked No. 3. Sharon Caldwell, also of Toronto, was ranked second in the women's section.

The announcement was made by Jack Spencer, chairman of the Davis Cup selection committee and national ranking committee of the Canadian Lawn Tennis Association.

Leblanc last year was ranked No. 6. Miss Barclay's No. 1 ranking was a repeat from 1956.

Leblanc won the Canadian closed junior championships and the Quebec provincial junior. Bassett was the outstanding Canadian in the Canadian open junior championships.

The committee's rankings are subject to confirmation at the annual meeting of the CLTA, scheduled for Feb. 15.

In order behind Leblanc and Bassett, the rankings in the men's section are: Reidier Getz, Vancouver; R. Everett, Fort Williams; G. Glynn, Windsor, Ont.; Ken McReynolds, Dorval, Que.; Tom McCarthy, Toronto; Len Callaghan, Toronto; Ray Garslin, Vancouver; Tom Bell, Montreal.

Rankings in order behind Miss Barclay and Miss Caldwell in the women's section are: Pat Ryan, Ottawa; Judy Borland, Winnipeg; Judy Travis, Toronto; Margaret Benson, Toronto; Pam Lewis, Halifax; Marion McDougall, Montreal; Louise Jobin, Quebec City; Linda Clute, Edmonton; Sharon Whittaker, Victoria.

## Canucks Humble 'Peg Club, 5-2

By THE CANADIAN PRESS  
Winnipeg Warriors, victorious in the first game of their tour through the Western Hockey League's Coast division earlier this week, received their first setback Friday night.

Vancouver Canucks, playing their sixth game in eight days, humbled the Warriors 5-2 before a capacity crowd of more than 5,000 fans who turned out to watch the contest between the leaders of the league's two divisions.

## Ol' Man Slaughter Signs His Contract

NEW YORK (AP)—Reno Slaughter, the ever-hustling New York Yankee outfielder who will be 42 about two weeks after opening day, returned his signed contract Friday. He was the 18th Yankee to sign.

## Ross Sparks Reds Victory

By THE CANADIAN PRESS  
Ray Ross flew 1,500 miles from Saskatoon to join Providence for their game against Buffalo Bisons Friday night and scored a goal to help the Reds to victory.

The Reds beat Buffalo 5-3 in the American Hockey League game.

In the only other AHL game Friday Rochester Americans beat Springfield Indians 9-3 to move back to fourth place.

For Rochester Al McDonald got three goals while Earl Balfour scored two and Ron Smith, Skipper Burchell, Gerry James and Mike Nykoluk got one apiece. Springfield scorers were ex-NHL veteran Cal Gardner with two and Floyd Smith.

The loss not only damaged Winnipeg's prestige on the Coast, it also endangered their position in the Prairies, where Edmonton Flyers trounced Saskatoon - St. Paul Regals 4-0 to move within two points of the Warriors.

AMERICANS WIN  
Seattle Americans surprised in the other game Friday night, defeating New Westminster Royals 6-4. The third-placed Americans now are only six points behind Royals, who trail Vancouver by 13 points.

Winnipeg outskated and outlasted the three Canucks in the third period of the game at Vancouver, but not enough to cut the home team's 4-1 second period lead.

Ron Hutchinson, former Flin Flon rookie, scored twice for Vancouver while Bob Robinson, Jack McLeod and Red Johansen picked up singles. Billy Moslenko got his 30th for Winnipeg and Dick Lamoureux fired the other.

The Americans got away to a fast 4-0 first period lead in Seattle. New Westminster got to within a goal twice in the second period, but was held scoreless in the third, when Ray Kinasevich scored the clincher with only 1 1/2 minutes to go.

TWO FOR McFARLAND  
Bill McFarland scored twice for Seattle. Val Fonteyne, Harry Filion, Blinkey Boyce and Ray Kinasevich scored once each.

Art Jones, Steve Hrymnaik, Arnie Schmutz and Max Macnab scored for the Royals.

In Edmonton, Flyer goalie Dennis Riggin played sensationally to score his fourth shutout of the season. Riggin, a 26-year-old sophomore from Kincairdine, Ont., blocked 28 shots to hold

Regals off the score sheet. Flyers led 2-0 in the first period on goals from Metro Pryatal and Tommy Burton. Pat Ginnell and Jerry Melnyk added two more in the second and third periods.

## NHL Owners Nicked for \$66,000

MONTREAL (CP)—National Hockey League owners will be nicked for about \$66,000 extra a year as a result of the agreement with the players reached at this week's Palm Beach powwow.

There will be \$36,000 more in the Stanley Cup playoffs pot, boosting the total to \$117,000 from \$81,000.

The club owners will also kick in an extra \$30,000—estimated by NHL president Clarence Campbell Friday—to the players' pension society. Heretofore the average has been about \$60,000.

The owners now will have to find about \$90,000 from the same sources—the annual all-star game and the playoffs—or dig into their reserves.

Amounts paid players on the first four teams in the regular-schedule finish remains the same—\$37,000.

\$18,000 FOR FIRST TEAM  
Of this amount, \$18,000 goes to the first-place team, \$9,000 to the second, \$6,300 to the third and \$2,700 to the fourth. Each amount is made up of 18 units. As a result, each player gets approximately \$1,000, \$500, \$350 or \$150, depending upon his team's finish and the players' wishes as to distribution.

The same four teams hitting the playoffs, however, will find the gravy thicker compared with what it has been.

To the winning team of each semi-final goes \$22,500 instead of \$18,000, and the losing team \$13,500 instead of \$9,000. The unit allotment of 18 again applies.

## BUT IT'S "BUSINESS AS USUAL"

# Soccer World Mourns Plane Crash Victims

LONDON (AP)—The soccer world Friday mourned the victims of the Manchester plane crash as a controversy flared in Britain over whether "the show must go on."

Seven players of the British champion Manchester United Soccer team were among the 21 killed. The other 10 players aboard the plane were among the injured.

Harold Hardman, chairman of the Manchester Club, pledged the team will carry on the season's program "even if it means being heavily defeated."

"We have a duty to the public and a duty to football to carry on," he said.

Despite a request by the Soccer Players' Union and other groups and individuals that today's games be cancelled in memory of the dead, the English Football League decided to go ahead with the scheduled program. The one exception would

## LAKESHORE EVENT WINNERS

Glen Harper's rink from Duncan captured the Lakeshore trophy last night, winning the B event with an 8-4 verdict over Bill Croft's Sumnerland quartet. Harper is also still in the running in the Consols competition where he meets Reg Stone's Trail rink. From left are Glen, skip; Harvey Dodge, third; Fred Duncan second, and Shorty Berkey.

## CHIEFS EDGED, 3-2

# Packers Start To Pull Away

KAMLOOPS (CP)—Kelowna Packers increased their Okanagan Senior Hockey League lead to five points Friday night when they defeated second-place Kamloops Chiefs 3-2 in overtime.

Chief credit for the Packers victory went to goalie Dave Gathrum who faced a total of 54 shots on goal.

The Packers scored first at the seven minute mark of the first frame when Ray Powell muddled in the puck with assistance from Brian Roche and Orval Lavall. Ron Leopold answered for the Chiefs two minutes later.

The Packers scored first at the seven minute mark of the first frame when Ray Powell muddled in the puck with assistance from Brian Roche and Orval Lavall. Ron Leopold answered for the Chiefs two minutes later.

## Earnshaw Heads Local Riding Club

Dr. R. E. Earnshaw was elected president of the Pentiction Riding Club at their annual meeting this week.

Others elected to office were vice-president, Roy Walsh, secretary, Miss R. K. Owen, executive, Miss J. C. Richardson, Miss M. McAtackeer, Mrs. M. Luxton, Allan Hyndman, Eric Hyndman and John Bane.

Delegates to the Okanagan Light Horse and Show Association annual meeting to be held in Oliver in March are Dr. R. E. Earnshaw, Roy Walsh, Allan Hyndman and Miss R. K. Owen.

All members present were enthusiastic in their support of plans for a bigger and better horse show on July 1. With this being B.C. Centennial year every effort is being made to make the show an outstanding success.

## Football Chiefs Consider Banning Team Air Flights

MUNICH (CP)—Five members of the ill-fated Manchester United soccer party remained in critical condition in hospital here today with injuries from Thursday's plane crash which killed 21 persons and has led to demands for a ban on air trips by football teams.

Physicians issued bulletins this morning reporting "no change" in the condition of United manager Matt Busby, two of his team stars, a London sports writer and the co-pilot of the plane.

Dr. Michael Newhouse, a Canadian medical intern from Hamilton, Ont., who is working in the Munich hospital, said Busby smiled for the first time this morning.

Newhouse said he spoke to the popular soccer strategist and Busby said "I am feeling a little better."

"However," the Canadian doctor said, "Busby is still in a very critical condition. None of the five on the critical list are out of danger."

The chances of survival remained at 50-50 for Busby, forward John Berry, halfback Duncan Edwards, sports writer Frank Taylor and co-pilot Kenneth G. Rayment.

PAT MOEN, C.L.U.

## FROM THIS CORNER

By GARTH WILTON

While Okanagan Senior Hockey League teams jockey for playoff positions, Okanagan sports writers are conducting a war of words.

Their objectivity, if we may be granted the use of a cliché, is conspicuous by its absence. And, sorting through the welter of words, we find facts, supposedly the basic ingredient of a news story, also in short supply.

We'll give you a for instance.

Harry Tyrell of the Vernon News writes that the reason the Vernon hockey club protested to Ed Benson, president of the BCHA, was that league president Bill Nicholson has no power to change a referee's decision.

In the play in question — a fracas involving Bill Warwick and Tom Steycyk — the referee handed out only minor penalties.

Nicholson, after investigating the incident, suspended Warwick and Steycyk for two games. Vernon protested to Benson and Steycyk's suspension was lifted. Kenny MacKenzie didn't protest and Warwick sat out his two-game banishment.

Subsequently, the executive of the Okanagan league protested to Benson for what they considered interference with the league and reprimanded the Vernon team for not sending their protest through the league headquarters.

Then, considering Mr. Nicholson put in his place, the Vernon writer takes the sports editors of the Kamloops and Kelowna papers to task.

Mr. Inglis of the Courier, it seems, writes nasty untruths about the Vernon Canadians. The Canadians don't really play dirty hockey, you understand, it's just that their youthful exuberance overflows at times.

It overflowed recently when Frank King's hockey stick ran into Harry Smith's mouth. The Kelowna defenceman wasn't badly hurt, he only lost six teeth.

Later in the game, Ted Lebovia, who is youthful exuberance incarnate, smashed goalie Dave Gatherum into the goalpost. Lebovia got five minutes; Gatherum got a swollen jaw and assorted bruises.

Inglis, Mr. Tyrell reports, also had the audacity to say that George Agar threatened a referee in the referee's dressing room. Why everyone knows, writes the Vernon scribe, that it happened at centre ice.

So there, Mr. Inglis.

Another verbal blast is dispatched in the general direction of Andre Stoveman of the Kamloops Sentinel, who is accused of "trying to stir up trouble" between hockey fans and teams in the once-peaceful Okanagan.

Mr. Stoveman fires back with:

"When are you going to write some sense, Mr. Tyrell? It has been a long time since I have come across such cock-eyed drivel."

And so on that happy note we end this bit of cock-eyed drivel, hoping that in the not too distant future we will see the return of peace in the valley.

## Unknowns Post Top Scores at Tucson

By MURRAY SINCLAIR

TUCSON, Ariz. (AP) — Lesser known pros held the spotlight today as the \$15,000 Tucson Open went into the third round.

Tony Lama, 23-year-old rookie from Napa, Calif., who isn't awed by golf's big names, and Bill Johnston, who spends most of his time as a club pro in Provo, Utah, led the field after 36 holes with 131. That's nine under par for the 6,434-yard, par-70 El Rio layout.

Jim Riggins, Anderson, S.C.,

## Rocket Can Skate But He Won't Run

MONTREAL (CP) — Maurice (Rocket) Richard is hopeful he may be able to return to National Hockey League play in about a week.

"I can't say exactly when, no body can say yet," declared the 36-year-old Montreal Canadiens star Friday. "My foot is improving all the time and I am skating daily."

"I will practise with the Quebec League Montreal Royals next week and if all goes well I may be able to play with Canadiens the following week."

Richard suffered a deeply cut Achilles tendon on his right foot in a game Nov. 12 in Toronto.

He said he feels in good shape but becomes tired after his skating workouts. At the same time he has noticed steady improvement in his condition and is anxious to get back into the game.

## HE'S 142 POUNDS OF HOCKEY DYNAMITE

## Rousseau Reaps Harvest of Praise

By MARVEN MOSS

CANADIAN Press Staff Writer  
CHICOUTIMI, Que. (CP) — Guy Rousseau of Chicoutimi Saguenéens might be mistaken for the stick boy of the Quebec Hockey League.

"Twenty - three years old and weighing only 142 pounds, he is considered by coach Phil Renaud as a 'certain bet' to make the National Hockey League and the 'key' in the drive of a club that has built up a comfortable lead to the QHL race."

This season, Rousseau's third, he held down a position league's top six point man. In 43 games, he collected 28 goals and 28 assists, including

four goals and an assist in one game.

### PENALTY KILLER

In addition to his regular turn on the ice, Rousseau is used to kill off Chicoutimi penalties and on power plays.

Against players who sometimes tower a head above his five-foot, 5½ inches, he calls on speed, aggressiveness and agility on skates to make plays.

Surprisingly strong, he throws bodychecks with an abandon that has made him a great favorite with fans not only in Chicoutimi, but in the four other league cities: Montreal, Quebec City, Trois-Rivières and Shawinigan Falls.

Rousseau, a native of Montreal, moved with his family to St. Hyacinthe, Que., at an early age. He looks at his small stature philosophically, but is quick to point out its advantages while realizing its disadvantages.

## Injuries Hit NHL Clubs

By THE CANADIAN PRESS

This may be the worst season for injuries in 30 years of play in the National Hockey League but the casualties have proved one thing: The league's leading teams are still packed with power.

If the pundits had foreseen the long idleness of Montreal's Maurice Richard, the loss of Bernie (Boom Boom) Geoffrion and injuries to Jacques Plante, Henri Richard, Floyd Curry and Jean Beliveau, they might have expected the Canadiens to tumble.

They'd have been wrong. Canadiens lead the league by 25 points.

Two weeks ago today, the loss of Gordie Howe to Detroit Red Wings was described as the end of Detroit's hopes to make the playoffs.

But the next night they came back with a surprising 4-2 win over Montreal. But the critics chorused when Montreal thumped the Wings 7-0 and Toronto beat them 9-2.

### ALMOST HALF

Nothing without Howe, they said. Howe had figured in about 40 per cent of the team's offence. The club was fifth in the league in goals-for at the time of Howe's injury and the tallies had been spread thinly after Howe's 22 were skimmed off.

But Detroit fought back into third place with a win over Toronto and a tie with Montreal.

Though only seven points separate the second and sixth teams in the league, Detroit's chances of playing in the Stanley Cup this year are good.

Both second-place New York Rangers and fourth-place Boston Bruins have had most of their key players on the sidelines with injuries and yet they continue to be strong contenders.

Part of the explanation of the leaders' ability to absorb punishment is depth. Players who were generally smothered in a proliferation of stars shoot to the top when the opportunity arises.

Montreal's Dickie Moore is a good example.

### BEST SEASON YET

In three full terms with Canadiens his best was last season when he scored 29 goals. This year he leads the league with 30 goals and 36 assists with 17 games still to play.

Moore was described as one of the finest players ever to come out of junior ranks when he was signed, but it took him five seasons to get going in the NHL.

A good part of the credit for Detroit's ability to bounce back after Howe's injury belongs to Alex Delvecchio who had scored only three goals in 30 games. In the last five games, Delvecchio has scored five goals.

Rangers meet the Red Wings at Detroit this afternoon. Wings need to win that one and their Sunday night game against the Black Hawks at Chicago to move into second place.

Toronto plays a weekend home-and-home set against Boston starting at Toronto tonight. Boston has Bronco Horvath back in the lineup and will be missing only Leo Boivin and goalie Don Simmons.

At Montreal, the Canadiens play host to Chicago and then move on to New York Sunday night.

## Golf Association Bars Gambling In Tournament

TORONTO (CP) — The Royal Canadian Golf Association Friday officially frowned on gambling in connection with tournaments.

The RCGA annual meeting passed a resolution urging member clubs, all golf associations "and all other sponsors of golf competitions to prohibit gambling in connection with tournaments."

The resolution said the RCGA would deny amateur status or refuse entry for RCGA championships to players whose activities in connection with golf gambling are considered by the association "to be contrary to the best interests of golf."

It was announced that Canadian team would compete in the 1959 Commonwealth matches and that the 1959 Canadian championship would be played at Vancouver's Marine Drive course. No dates have been set for the tournaments.

Jack Blair of Winnipeg was elected RCGA president, succeeding C. Ross (Sandy) Somerville of London, Ont.

## DUNNIES GET SUPPORT

Whitby Dunlops received the signatures of thousands of Canadian well-wishers when they left for Oslo and the world hockey championships. The signatures are on scrolls which were distributed across the country with the familiar "Go-Dun-

nies-Go" slogan across the top. Admiring the scrolls are Charlie Burns, Dunlop's centre; Mrs. N. Irwin, director of the club; Nonman Irwin and Gord Myles.

## "A WONDERFUL RUN"

## Lucille Gives Canada Second Global Title

BAD GASTEIN, Austria (CP) — Lucille Wheeler of St. Jovite, Que., put Canada on the world ski map with a vengeance today by sweeping to her second consecutive victory in the 16th international alpine championships here.

Her almost unprecedented double win in the three-event world competition brought Canada its first two global titles in the sport in a space of two days, and only a heartbreaking 14th placing in the opening race last Monday robbed Miss Wheeler of the women's combined alpine crown.

The 23-year-old daughter of a Laurentians resort owner made a bid for honors as the Canadian woman athlete of the year with her victory today in the giant slalom.

Under the penalty point system used to determine the combined winner the Swiss girl had a total of 3:30 against her compared with Miss Wheeler's 4:33. In third place for the combined was Putzi Frandl of Austria with 6:15. She was tied for 11th place today.

Miss Heggveit placed 15th today with a time of 2:00.0 after a good seventh placing in the downhill and the eighth-place tie Monday.

The freckle-faced, deeply tanned Miss Wheeler, whose winning time today was 1:54.6, said after today's race that she had "a wonderful run."

"But I almost skidded off the course about midway and I lost the grip of my right pole and I had to make a grab for it — how lucky I am to have finished second in the combine," she said breathlessly.

### SOFT AND MUSHY

The slope today was soft and mushy at the start over its one-mile (1,650 metres) length over the drop of 407 metres (1,302 feet) in which the skiers averaged their way through 5 gates. In the giant slalom the gates are wider apart than in the regular slalom races.

But the course soon became hard-packed and many favored European skiers fell.

In second place today was a dark-horse American, Sally Deaver of Whitmarsh, Pa., whose time was 1:55.1. Miss Daenzer's third-place time was 1:55.4.

Rounding out the top 10, in order, were Annemarie Waser of Switzerland, Daniele Telling of France, Berit Stuve, Norway, Pia Riva, Italy, Jerit Schir, Italy, Thea Hochleitner, Austria, and Inger Bjornbakken, Norway, winner of Monday's slalom.

Miss Daenzer, who nosed out her Canadian rival at the 1956 Olympics by taking second place in the downhill to Miss Wheeler's third, was surprised at her victory in the combined total because of the impact of Lucille's two first places.

### AUSTRIAN COACH

Miss Wheeler, who brought Canada its first Olympic medal with her bronze award in 1956, has been trying in international competition for four years to win a world first spot. Lately she has been working with an Austrian coach, Pep Salvermoser.

Her best showing before this week was last January, when she won the International Hahnenkamm race in Austria. She placed second in the ladies downhill at the Bad Gastein tournament a year ago.

Canadian men skiers who compete in the tournament's final events Sunday are regarded as well below their European rivals.

## Trial Run for Telemeter TV

By JACK HAND

NEW YORK (AP) — A hint of things to come can be seen in the new agreement between Jim Norris, president of Madison Square Garden, and the International Telemeter Corporation for experimental pay-as-you-see TV.

At the present, this is strictly an experiment. A group of men in a Chicago hotel room will watch a fight from the Midwest Gym in Chicago Tuesday night. The telemeter or coin-in-the-slot system will be used.

The agreement between Norris and the TV system is supposed to cover "important programs not now shown on free TV such as amateur basketball games, ice shows, the circus and others" according to the announcement.

FIGHTS NOT AFFECTED  
Norris stated the experiments would not interfere in any manner with the regularly scheduled Wednesday and Friday fights seen on free home television.

Burt Champion, publicity director for Paramount Pictures of which Telemeter is a subsidiary, said a "sample town," probably in the Midwest, would be set up "very soon, perhaps by June" to test the system. Movies and local sports programs would be used, he said.

Champion said the system transmitted its pictures by wire and claimed approval by the Federal Communications Commission was not necessary.

"It probably will cost about \$100 a home to install the system," said Champion. "The idea is to consider means to supplement the compensation paid con-

testants and increase the variety and quality of presentations offered to viewers."

And, of course, to make more money.

## Chenier Leads Snooker Play

VANCOUVER (CP) — Challenger George Chenier took the lead Friday from world snooker champion Fred Davis, winning four of the six afternoon games for a 10-8 edge in their 61-game series here for the title.

Chenier, 50-year-old former Montrealer now of Vancouver, had a run of 91, highest single break of the series so far. Davis, 43-year-old Welsh hotel owner, holds the record break of 141 in championship play.

The portly, smiling champion showed something of his top form in Friday's fifth game when he walloped Chenier 121-0.

## Bassey, Moreno Bout Set Back

LOS ANGELES (AP) — The date of the world featherweight title fight here between champion Hogan (Kid) Bassey of Nigeria and Ricardo (Pajarito) Moreno of Mexico Friday was shifted from March 20 to April 1.

Matchmaker George Parnassus of the Olympic Boxing Club said two factors were involved in the change. Bassey suffered an eye cut in a recent skirmish and can use a little more time to prepare for the title defence.

## NET OFFER REJECTED

## Little Mo Jilts Jack

By WILL GRIMSLEY

NEW YORK (AP) — Promoter Jack Kramer said Friday prospects of adding Maureen Connolly and Althea Gibson to his professional tennis troupe are brighter, but Little Mo promptly threw a large dose of cold water on the plans.

Kramer based his hopes on the fact that Maureen, now Mrs. Norman Brinker, had settled a 3½ year damage suit.

But Maureen said there was no chance that she would join the tour.

"A person who would think I stopped playing just to collect damages would think I had very little integrity," she said.

She added that the injury to her leg made it impossible to play competitive tennis.

"I have always thought these girls would be a terrific draw," the Los Angeles court capitalist said, "but, of course, it's been impossible to talk to Maureen while her suit was still in the courts."

"If there are no conditions attached to the settlement, I would like to sign Maureen and Althea for the tour next year. They could play a set of singles to open the show and then play mixed doubles."

Miss Connolly of San Diego,

Calif., once undisputed queen of the courts, was awarded \$110,734 Jan. 16 for damages she received when a horse she was riding brushed against a truck. The accident temporarily interrupted her career.

### MAUREEN NOW MOTHER

Maureen is now 23 and a mother, yet young enough and perhaps capable of regaining her old form. Miss Gibson, 29, is the newest woman sensation in tennis — Wimbledon and United States champion and unbeaten in more than a year.

Miss Connolly professed a disinterest in tennis while her suit was kicking around the California courts. Althea has acknowledged she would be willing to talk money if a pro offer were forthcoming.

Kramer, in town in advance of the Pancho Gonzalez-Lew Hoad match at Madison Square Garden next Wednesday said amateur tennis has not produced a salable male candidate since Hoad turned pro last year.

The promoter said he expected the present Gonzales-Hoad series to be one of the most successful of his ventures.

Hoad, leading 8-5, meets Gonzales at San Francisco today and at Los Angeles Sunday.

## Stole the Ring Won't Run in Queen's Plate

TORONTO (CP) — Stole the Ring, the unbeaten filly that is currently a split choice for this year's 98th running of the Queen's Plate in June, will not run.

Miss Christian Blanche Armstrong, who last year leased the filly from breeder-owner William Morrissey and who planned doing the same thing this year, Friday sent a cancellation order to the Ontario racing commission on her request for an owner's license.

Morrissey said he will not comply with an Ontario Court of Appeal ruling Thursday upholding the commission's right to order him to change the names of some horses, including Stole the Ring.

He said the horse would race in Delaware but not in Ontario.

The commission said the names of Stole the Ring, Irene's Orphan, Red Nose Clown, Rabbit Mouth and Hot Ice were in poor taste.

Morrissey said he will appeal the ruling to the Supreme Court of Canada.

is just ahead!

NOTICE OF ANNUAL MEETING  
The regular Annual Meeting of the Penticton Golf and Country Club is to be held at the Clubhouse, located at Eckhardt Ave. W., on Monday, February 24th, at 8:00 p.m.  
Notice is hereby given that an extraordinary resolution is to be proposed which shall call for changing the constitution of the society to allow for:  
1. Raising the number of Directors of the Society from six to eight.  
2. Holding the Annual Meeting in November of each year commencing in November, A.D. 1958.  
and  
3. Considering October 31 of each year to be the end of the fiscal year of the Society, commencing in the year 1958.  
D. E. STOCKS,  
Secretary-Treasurer,  
Penticton Golf and Country Club.  
Penticton, B.C.  
February 10, 1958.

**PLAN BIG WELCOME**  
MONTREAL (CP)—Mammoth welcome home celebrations are being planned for Lucile Wheeler, 23-year-old skier from St. Jovite, Que., who recently won the world ladies downhill championship at Bad Gastein, Austria. Ski officials say the reception for her will be "at least as big" as that for Ottawa's Barbara Ann Scott after she won the world skating championship in 1948.

**AMBASSADOR NAMED**  
MADRID (Reuters)—Jose Fernandez de villaverde, Marquis de Santa Cruz, has been appointed Spain's ambassador to London, it was announced Friday night. The 56-year-old Marquis has been Spanish undersecretary of foreign affairs since 1955.

**BOY KILLED IN FALL**  
TORONTO (CP)—Larry Kristensen, 15, a drug store delivery boy, died Friday night, apparently after falling down an apartment house elevator shaft where he was making deliveries.

**FOUR DIE IN CRASH**  
RABAT, Morocco (Reuters) — Four U.S. airmen were killed Friday when their air force 14-alson plane crashed into a peak about 10 miles northeast of Meknes. The burned-out wreckage was found by villagers in the mountains.

**TRAPPED IN MINE**  
TIMMINS, Ont. (CP) — Alex Houston, 46, of South Porcupine was trapped for two hours Friday when partially buried in ore

MONTREAL (CP)—Mammoth welcome home celebrations are being planned for Lucile Wheeler, 23-year-old skier from St. Jovite, Que., who recently won the world ladies downhill championship at Bad Gastein, Austria. Ski officials say the reception for her will be "at least as big" as that for Ottawa's Barbara Ann Scott after she won the world skating championship in 1948.

**AMBASSADOR NAMED**  
MADRID (Reuters)—Jose Fernandez de villaverde, Marquis de Santa Cruz, has been appointed Spain's ambassador to London, it was announced Friday night. The 56-year-old Marquis has been Spanish undersecretary of foreign affairs since 1955.

# Experiment in TV Proves Its Worth

By BOB THOMAS

HOLLYWOOD (AP)—Last fall, Eddie Fisher and George Gobel started an interesting experiment in television.

The singer and the comic proposed to conduct hour-long variety shows in the same Tuesday-night time slot on alternate weeks. Plus which Eddie would be a guest on the George Gobel show and vice versa.

The results have been a mixed blessing. Some of the Fisher-Gobel shows have been among the best in the variety field this season. Some have been downright dull. The ratings have been capricious. Some weeks the boys have amassed a respectable total, but most of the time they have been shot down by the gun-slingers on opposing networks.

**CAN'T BEAT COWBOYS**  
Eddie Fisher, a no-nonsense kind of a guy, talked frankly about the results of the experiment:

"I think we've done pretty well, but I don't think we'll ever

## WORDS OF THE WISE

What we have done for ourselves alone dies with us. What we have done for others and the world remains and is immortal.

—(Albert Pine)

## CONTRACT BRIDGE

By B. Jay Becker

(Top Record Holder in Masters' Individual Championship Play)

South dealer. Neither side vulnerable.

NORTH		EAST	
♠ J5		♠ Q743	
♥ Q8742		♥ Q10652	
♦ 109763		♦ K5	
WEST		SOUTH	
♠ 109862		♠ A4	
♥ 9743		♥ A83	
♦ A3		♦ K5	
♣ A		♣ A542	

The bidding:  
South West North East  
2NT Pass 3NT Pass  
Opening lead—ten of spades.  
South got to three notrump and went down one. There's certainly nothing startling about this statement. My scouts inform me this type of thing happens all the time all over the country. However, South should have made the 2, but we'll admit he had to brighten on his toes to do it.  
All goes back to bad training. To play the game right, certain good habits must be formed. One of these is to count your winners when you play a notrump contract.

South won the spade lead and played the ace and another club. East won and returned a spade. Declarer could make only eight tricks. When he led a diamond,

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R  
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

# THE BUILDING PAGE

Saturday, February 8, 1958

THE PENTICTON HERALD 10

THE BUILDING CENTRE  
PLAN SERVICE  
DESIGN DEPT.

Master bedroom, living and dining room all to the view at the rear, with a complete length deck with entry through glass sliding doors, are the beautiful features of this house. An open stairway to the activities room in the basement features a louvre type wall. The central chimney serves both the furnace and fireplace, for economy. Kitchen and nook has plenty of cupboard and storage space. Plan may be reversed back to front if desired.

As the first step to a planned kitchen is an up-to-date sink or tub unit, you should take a long hard look at your own sink. Is it small and cramped without adequate space for dish drying racks? Does it force you to stand in front of it in an awkward half stooping position because it is placed too low? Then, Mrs. Homemaker, your kitchen sink is no longer doing an efficient job for you and the time has come to make a date with your local plumbing contractor who will show you a more suitable sink unit that will cut your dishwashing and laundry activities to a minimum and completely eliminate the circus atmosphere from the kitchen.

A durable modern sink unit is often flanked by wide glossy drainboards and equipped with spacious easy-to-reach cupboards underneath. If possible it should be placed in front of a window, as a pleasant view can work wonders to lighten the chore of scouring pots and pans. Some homemakers prefer a single unit although, according to the Institute, one of the most popular types is the double sink and tub combination for its convenience on wash day. While the deep tub can be used for soaking small garments too delicate for a washing machine, the shallower portion is ideal for hand laundering and rinsing. A retractable rubber spray hose is a part of some units and comes in handy not only on wash day but is ideal for rinsing dishes and in the preparation of vegetables.

Another new feature of many modern sink units is the swivel mixer faucet which provides water at any temperature desired, thus avoiding a sudden scalding in some favorite piece of china being cracked beyond repair. These are but a few features of convenience which are available to the housewife who wants to lighten the burden of the time she must spend in her kitchen. Modern well-planned and well-equipped kitchens are a revelation in convenience and beauty. Best of all, most homeowners find on investigation their present kitchens can be modernized at a cost for less than they imagine.
